## 1. Introduction

This Privacy Notice explains how Berinsfield Health Centre uses your personal information, how we keep it safe, who we share it with, and your rights under data protection law. It supports safe, lawful, and transparent processing of your information and reflects the requirements of the UK GDPR and the Data Protection Act 2018.

You may also wish to read our short, easy-read summary (Privacy Poster) for a simple overview.

## 2. Why we keep information about you

Healthcare professionals are required by law to keep records about your health and any treatment or care you receive. These records help us give you the best possible care and protect your safety.

We collect information to:

- identify you and register you as a patient
- provide safe, effective healthcare
- contact you about appointments, results, and care
- manage our services and meet NHS requirements

If you do not provide the information needed for your care, we may be unable to provide services safely. Optional information (such as email or mobile number) may help us communicate efficiently but is not required.

## 3. What information we hold

We may hold the following types of information about you:

- Personal data (name, address, DOB, NHS number, contact details)
- Special category (health) data (conditions, consultations, referrals, results)
- Confidential patient information (information given in circumstances where a duty of confidentiality applies)
- Pseudonymised or anonymised data, where identity is removed for planning/audit/research purposes

## 4. Our lawful basis for using your information

We process personal and health information under the following lawful bases:

### For providing your NHS care

- Article 6(1)(e) – performance of a task in the public interest
- Article 9(2)(h) – provision of health or social care and treatment

These are the main bases for most of our day-to-day processing.

### Other lawful bases used in specific circumstances

For example:

- Legal obligation – Article 6(1)(c) (e.g., CQC inspections, DVLA notifications)
- Explicit consent – Article 6(1)(a) / 9(2)(a) (e.g., private insurance reports, some research uses)
- Public interest – Article 9(2)(j) (e.g., safeguarding, public health, research planning)

## 5. How we use your information

We use your information to:

- Provide direct care (appointments, medication, referrals, results, care coordination)
- Work with other NHS providers to ensure safe and effective treatment
- Undertake safeguarding of children or vulnerable adults where required by law
- Improve services, run audits, and monitor quality and safety
- Carry out statutory NHS reporting and planning
- Support approved research, using anonymised data wherever possible

We do not use automated decision-making that produces legal or significant effects without human involvement.

## 6. Who we share your information with

We only share information when necessary, using the minimum needed, and only where there is a lawful basis or you have given consent.

Examples of organisations we may share with:

- NHS hospitals and community services
- Pharmacies
- Out-of-hours and urgent care services
- Local and national NHS bodies
- Safeguarding teams
- Mental health teams
- Research organisations (where permitted by law and/or consent)
- Public Health authorities

- Care Quality Commission
- Police or coroner (where legally required)

Full details of all categories, purposes, lawful bases, and processors can be found in Appendix A.

## **7. Uses beyond direct care: planning & research**

Health information is sometimes used to:

- plan and improve NHS services
- monitor safety and quality
- support approved research
- understand local health needs

Where possible, these uses are carried out using anonymised or de-identified information.

If identifiable information is needed, this will only happen when the law allows it, or you have provided explicit consent.

## **8. Your choices – opting out**

You can choose to limit the use of your information for planning/research:

### **Type 1 Opt-Out**

Stops your GP record being shared outside the practice for planning/research (unless required by law or for your care).

### **National Data Opt-Out (NDOO)**

Stops NHS England and other NHS organisations from using your confidential information for planning/research.

You can change your preferences at:

[www.nhs.uk/your-nhs-data-matters](http://www.nhs.uk/your-nhs-data-matters)

## **9. Children and Young People**

We take additional care when processing children's data. Children have the same rights as adults under UK GDPR.

Young people aged 16–17 can usually make their own decisions about how their information is used. Younger children may be able to do so if they are Gillick competent.

Proxy access for parents/guardians is only granted when appropriate checks are completed.

## **10. How long we keep your information**

We follow the NHS Records Management Code of Practice for all retention periods. Records are securely destroyed when no longer needed.

## 11. Your rights under data protection law

You have the right to:

- be informed about how your data is used
- access your record (Subject Access Request)
- request corrections
- request restriction of processing
- object to certain uses
- data portability (where applicable)
- rights relating to automated decision-making

SARs can be made verbally or in writing. We may need to verify your identity to protect confidentiality.

## 12. Data security & personal data breaches

A personal data breach is an incident where personal data is lost, altered, accessed or shared without authorisation.

If a breach occurs, we will:

- contain and investigate it
- assess risks
- notify affected individuals if there is high risk
- report to the ICO within 72 hours where required

## 13. Communication Preferences

If you give us your:

- **mobile number**, we may text you appointment reminders or important messages
- **email address**, we may send information about your care unless you opt out

Our website may use cookies to support functionality.

## 14. International transfers

We do not routinely transfer personal data outside the UK. If this changes, we will ensure appropriate safeguards and update this notice.

## 15. Freedom of Information (FOI)

FOI applies to organisational (non-personal) information only. To request your own records, you must submit a Subject Access Request instead.

## 16. Accessibility Statement

If you need this information in another language or format, please let us know.

<p>Summary Care Record Including additional information</p>	<p><b>Purpose</b> –The NHS in England uses a national electronic record called the Summary Care Record (SCR) to support patient care. It contains key information from your GP record. Your SCR provides authorised healthcare staff with faster, secure access to essential information about you in an emergency or when you need unplanned care, where such information would otherwise be unavailable.</p> <p><b>Legal Basis</b> –</p> <p>Article 6(1)(e) ‘...necessary for the performance of a task carried out in the public interest or in the exercise of official authority...’; and</p> <p>Article 9(2)(h) ‘necessary for the purpose of preventative or occupational medicine’</p> <p>Patients have the right to opt out of having their information shared with the SCR by completion of the form which can be downloaded <a href="#">here</a> and returned to the practice. Please note that by opting out of having your information shared with the Summary Care Record could result in a delay to care that may be required in an emergency.</p> <p><b>Data Processor</b> – Thames Valley and Surrey (TVS) Care Records</p>
<p>Research</p>	<p><b>Purpose</b> – We may share anonymous patient information with research companies for the purpose of exploring new ways of providing healthcare and treatment for patients with certain conditions. This data will not be used for any other purpose.</p> <p>Where personal confidential data is shared your consent will be required.</p>

	<p>Where you have opted out of having your identifiable information shared for this Planning or Research your information will not be shared.</p> <p><b>Legal Basis –</b></p> <ul style="list-style-type: none"> <li>Articles 6(1)(a) and 9(1)(a) – explicit consent; or</li> <li>Article 6(1)(c) (where we are legally obligated to share your personal data) for your standard personal data and Article 9(2)(j) (scientific research) for your health data.</li> </ul> <p>Where identifiable data is required for research, patient consent will be needed, unless there is a legitimate reason under law to do so or there is support under the Health Service (Control of Patient Information Regulations) 2002 (‘section 251 support’) applying via the Confidentiality Advisory Group in England and Wales.</p> <p>Sharing of aggregated non identifiable data is permitted.</p> <p><b>Data Processor –</b> Berinsfield Health Centre, Royal College of General Practitioners (RCGP), University of Oxford</p>
<p>Individual Funding Requests</p>	<p><b>Purpose –</b> We may need to process your personal information where we are required to fund specific treatment for you for a particular condition that is not already covered in our standard NHS contract.</p> <p>The clinical professional who first identifies that you may need the treatment will explain to you the information that is needed to be collected and processed to assess your needs and commission your care; they will gain your explicit consent to share this. You have the right to withdraw your consent at any time but this may affect the decision to provide individual funding.</p> <p><b>Legal Basis –</b></p> <ul style="list-style-type: none"> <li>Article 6(1)(e) ‘...necessary for the performance of a task carried out in the public interest or in the exercise of official authority...’; and</li> <li>Article 9(2)(h) ‘necessary for the <b>Purposes</b> of preventative or occupational medicine’</li> </ul> <p><b>Data Processor –</b> Practice Manager</p>
<p>Safeguarding Adults</p>	<p><b>Purpose –</b> We will share personal confidential information with the safeguarding team where there is a need to assess and evaluate any safeguarding concerns and to protect the safety of individuals.</p> <p>Consent is not required to share information for this purpose.</p> <p><b>Legal Basis –</b> Direct Care under UK GDPR:</p> <ul style="list-style-type: none"> <li>Article 6(1)(e) ‘...necessary for the performance of a task carried out in the public interest or in the exercise of official authority...’; and</li> <li>Article 9(2)(h) ‘necessary for the purposes of preventative or occupational medicine</li> </ul> <p><b>Data Processor –</b> Oxfordshire Multi-Agency Safeguarding Hub (MASH), West Oxfordshire District Council (WODC), Oxford University Hospitals (OUH)</p>

<p>Safeguarding Children</p>	<p><b>Purpose</b> – We will share children’s personal information where there is a need to assess and evaluate any safeguarding concerns and to protect the safety of children.</p> <p><b>Legal Basis</b> –</p> <ul style="list-style-type: none"> <li>• Article 6(1)(e) ‘...necessary for the performance of a task carried out in the public interest or in the exercise of official authority...’; and</li> <li>• Article 9(2)(h) ‘necessary for the purposes of preventative or occupational medicine’</li> </ul> <p>Consent may not be required to share this information.</p> <p><b>Data Processor</b> – Oxfordshire Multi-Agency Safeguarding Hub (MASH), West Oxfordshire District Council (WODC), Oxford University Hospitals (OUH)</p>
<p>Risk Stratification – Preventative Care</p>	<p><b>Purpose</b> - ‘Risk stratification for case finding’ is a process for identifying and managing patients who have or may be at-risk of health conditions (such as diabetes) or who are most likely to need healthcare services (such as people with frailty). Risk stratification tools used in the NHS help determine a person’s risk of suffering a particular condition and enable us to focus on preventing ill health before it develops.</p> <p>Information about you is collected from a number of sources including NHS Trusts, GP Federations and your GP Practice. A risk score is then arrived at through an analysis of your de-identified information. This can help us identify and offer you additional services to improve your health.</p> <p>If you do not wish information about you to be included in any risk stratification programmes, please let us know. We can add a code to your records that will stop your information from being used for this purpose. Please be aware that this may limit the ability of healthcare professionals to identify if you have or are at risk of developing certain serious health conditions.</p> <p><b>Type of Data</b> – Identifiable/Pseudonymised/Anonymised/Aggregate Data</p> <p><b>Legal Basis</b> –</p> <ul style="list-style-type: none"> <li>• Article 6(1)(e) ‘...necessary for the performance of a task carried out in the public interest or in the exercise of official authority...’; and</li> <li>• Article 9(2)(h) ‘necessary for the purposes of preventative or occupational medicine’</li> </ul> <p><b>Data Processors</b> – Buckinghamshire, Oxfordshire, Berkshire Integrated Care Board</p>
<p>Public Health</p> <p>Screening programmes (identifiable)</p> <p>Notifiable disease information (identifiable)</p> <p>Smoking cessation (anonymous)</p>	<p><b>Purpose</b> – Personal identifiable and anonymous data is shared.</p> <p>The NHS provides national screening programmes so that certain diseases can be detected at an early stage. These currently apply to bowel cancer, breast cancer, aortic aneurysms and diabetic retinal screening service to name a few. The law allows us to share your contact information, and certain aspects of information relating to the screening with Public Health England so that you can be appropriately invited to the relevant screening programme.</p>

<p>Payments</p>	<p><b>Purpose -</b> Contract holding GPs in the UK receive payments from their respective governments on a tiered basis. Most of the income is derived from baseline capitation payments made according to the number of patients registered with the practice on quarterly payment days. These amounts paid per patient per quarter varies according to the age, sex and other demographic details for each patient.</p> <p>There are also graduated payments made according to the practice’s achievement of certain agreed national quality targets known as the Quality and Outcomes Framework (QOF), for instance the proportion of diabetic patients who have had an annual review. Practices can also receive payments for participating in agreed national or local enhanced services, for instance opening early in the morning or late at night or at the weekends. Practices can also receive payments for certain national initiatives such as immunisation programs and practices may also receive incomes relating to a variety of non-patient related elements such as premises.</p> <p>Finally there are short term initiatives and projects that practices can take part in. Practices or GPs may also receive income for participating in the education of medical students, junior doctors and GPs themselves as well as research. In order to make patient based payments basic and relevant necessary data about you needs to be sent to the various payment services. The release of this data is required by English laws.</p> <p><b>Legal Basis –</b></p> <ul style="list-style-type: none"> <li>Article 6(1)(c) ‘processing is necessary for compliance with a legal obligation to which the controller is subject’; and</li> <li>Article 9(2)(h) ‘necessary for the purposes of preventative or occupational medicine’.</li> </ul> <p><b>Data Processors – NHS England, ICB, Public Health</b></p>

<p>Local shared care record Buckinghamshire, Oxfordshire and West Berkshire ICB</p>	<p><b>Purpose:</b> Health and Social care services are developing shared systems to share data efficiently and quickly. It is important for anyone treating you to be able to access your shared record so that they have all the information they need to care for you. This will be during your routine appointments and in urgent situations such as going to A&amp;E, calling 111 or going to an Out of hours appointment. It is also quicker for staff to access a shared record than to try to contact other staff by phone or email.</p> <p>Only authorised staff can access the systems and the information they see is carefully checked so that it relates to their job. Systems do not share all your data, just data which services have agreed is necessary to include.</p> <p><b>Legal Basis –</b></p> <ul style="list-style-type: none"> <li>• Article 6(1)(e) ‘...necessary for the performance of a task carried out in the public interest or in the exercise of official authority...’; and</li> <li>• Article 9(2)(h) ‘necessary for the purposes of preventative or occupational medicine’</li> </ul> <p><b>Processor:</b> BOB ICB</p>
